## OIL IS FOUND IN BARSTOW WELL

S. V. Biggs Brings in a Well That Discharges Tremendous Quantity of Water.

## WILL BE USED FOR IRRIGATION

Barstow, Tex., Aug. 15.—A test of a well on lands lying under the Biggs irrigation system in Ward county, proves the most important development in that part of the Pecos valley known in years. The water rises in the well, which is artesian in nature, within 16 feet of the surface, and was lowered only 13 feet when the pumps were discharging at full capacity, about 450 gallons per minute.

The water is covered with small black globules of oil, appearing to be oil, but not in such quantity, it is believed, as will affect its value for irrigation purposes.

There is much excitement on account of the oil found in the well and the old timers here say that there is oil from Putnam to Toyah and it is merely a matter of going after it.

The well was drilled for the purpose of developing a water supply auxiliary to the gravity supply from the Pecos river. The stratum from which this water rises was tapped at a depth of 380 feet, the drill having passed through several strata whose flow was so strong that the water was with difficulty shut off. There is no doubt felt that there is plenty of water suitable for irrigation at most any point below 60 feet and Mr. Biggs will proceed at once with other wells.

Mr. Biggs is jubilant over the results shown by the test and when asked what would be the practical benefits to be derived from this underground supply, said: "The Pecos river, as all its acquaintances know, is extremely erratic; one season the river will flow enough water to supply all reasonable wants of the irrigators along its banks; the following season may be one of extreme drought, and the development of this underground supply serves as an absolute assurance against drought. While it may not be necessary to pump the water even once during some seasons, the fact that the farmer has that supply, coupled with facilities installed on the premises for pumping it, gives him a land a value which no gravity system alone, in the arid or semi-arid regions, can have."

Mr. Biggs is entering into negotiations with pump and engine concerns with a view to the installation of wells and pumping outfits throughout his entire system of about 6000 acres.

Mr. Biggs was the exhibitor at the 1909 El Paso fair, who walked away with 22 out of 31 first prizes awarded for agricultural products.

The development of underground supply, coupled with the gravity flow from the Pecos river, is thought by many to give the lands under the Biggs system as great a value as much of the high priced land of California. The county is already noted for its fine quality of peaches, grapes and alfalfa.

Professor W. C. Welborn, late of the A. & M. college, who was present at the test, stated that this was the best well he had observed in the Pecos valley. Professor Welborn has been attending tests of the wells on the state experiment station near Pecos.

## CHAUTAUQU OPENS AT ROOF GARDEN

Gov. Mills Arrives and Is Given a Welcome—Miss Elliott's Accident.

(By Mrs. W. S. Tilton.)

Cloudercroft, N. M., Aug. 15.—Cloudercroft was ready for the Chautauqu, which opened today. She is dressed in her gala attire, with the cottages decorated in flags and the wild flowers that grow so profusely in the woods.

An arch of welcome made of the pine boughs extends across the head of the steps leading into the resort. A committee met governor Mills and staff at the train and escorted them to the residence of J. A. Eddy, who will be the governor's host while he is in Cloudercroft. Mr. Eddy will open the meeting by introducing Governor Mills. The other speakers of the day will be Judge Byron Sherry of Alamogordo and Judge A. B. Fall of Three Rivers, N. M.

A reception will be held this evening at the pavilion under the direction of Mrs. G. A. Breckheimer and a large committee of summer visitors at the resort.

Room is being found for all the newcomers. The news of the big fire in El Paso and the death of the mayor and the fireman was received from The Herald with regret by all who heard it.

A. Swartz, one of the directors of the American National bank, and Adolph Schütz, one of the cashiers, who have been in Cloudercroft on a little vacation, returned to El Paso Sunday.

Miss Wilma Elliott narrowly escaped death Sunday while riding in company with her friend, Miss Margaret Dyer, and Mrs. G. A. Breckheimer, who are located at the Beissenger cottage. The members of the party are Misses Anne and Frances Hughes and Harry Reiss.

Mr. and Mrs. Frank Tobin and family have returned home after spending a few days on the roof garden.

Mrs. Harry Swain is chaperoning a bevy of pretty girls for an outing. They are quartered at the Lodge.

William Walk and Juan Smith spent the week at the Lodge.

Dr. Riley and Mason Pollard are guests at the Sans Souci cottage.

Samuel Prewitt is a visitor to the Heep family.

Mr. and Mrs. G. E. Benson and daughter of Carlsbad, and Mrs. (Christina) danger, with Prof. Bunch, who have been occupying the Wild Wood cottage, are leaving today in their E. M. F. 30 Studebaker for their home. They came from Dallas here, making the trip without an accident of any kind and without even a scratch on the machine. They are returning by the way of the Indian agency.

David Payne visited his family over Sunday.

Miss Margaret McCracken is the guest of Mrs. J. E. Townsend.

Mrs. D. M. Payne and little Dorcas and mother, Mrs. Barron and sisters, the Misses Barron, are up for the rest of the season and are occupying the Payne cottage with its gorgeous view.

Prof. V. W. Conway, superintendent of the Raton, N. M., public schools, came in on Sunday's train. Prof. Conway is conductor of the Otero county institute, which is being held in the schoolhouse in North Cloudercroft.

Prof. J. C. Simms of Alamogordo, county superintendent of Otero county schools, came in on today's train.

## AMUSEMENTS.

AT THE AIRDOME.  
Sunday's change of bill at the Airdome was entitled "My Wife's Husband," a musical review that pleased the unusually large crowd in attendance, for, even though the weather was threatening, nearly every seat in the house was occupied.

The production was in line with the numerous good offerings this season while the various roles were well acted. Opening with a catchy air, "That Fascinating Rag Time Glide," the whole show went through with a swing from start to finish, while Harry De Vere scored a success with his renditions of "Asleep in the Deep" and "To the End of the World With You."

Lillian Shauchoff's rendition of "Sonora" was one of her best performances this year.

Each of the other songs was well chosen and on a whole the performance was a most pleasing one.

The novelty numbers were real novelties.

THE KID BAND AT AIRDOME.  
So great was the success of the band concert at the Airdome last Friday night that manager Rich has arranged with the boys to give another concert in connection with the regular performance of the Airdome company tomorrow night. The boys have a special program and, although there will be a double attraction, the prices will remain the same.

The band gets a percentage of the receipts toward new uniforms.

AT THE PRINCESS TONIGHT.  
For the last time tonight will be shown what the management of the Princess theater says is one of the most marvelous pictures of the southwest. It is a "Selle" film entitled "Ranch Life in the Great Southwest." Characters shown are Henry Grammar, world's champion bull dogger, and Tom Mix. The Princess guarantees every picture shown to be new. Three thousand feet of films are shown nightly.

PROCLAMATION OF THE COUNCIL August 15, 1910.  
The tragic occurrences of yesterday, the death of mayor Robinson and of fireman Todd Ware in the performance of their duty have shocked the entire community.

The funeral of mayor Robinson will take place at 10 a. m. tomorrow, Aug. 16, 1910. From 9 o'clock today until 5 p. m. of Aug. 16 all city offices will be closed. The business community and the various other establishments of the town are urgently requested to imitate during funeral hours municipal example in order that this cessation of merely personal affairs may, at least partially, demonstrate the sorrow of the people, whose chief magistrate mayor Robinson has lost. Let citizens universally attend this funeral. We owe this last token of affection and respect to ourselves and to our dead.

S. Blumenthal, W. J. Clayton, Percy McChes, Jas. L. Hewitt, Aldermen.

## BLOCKADED

Every Household in El Paso Should Know How to Resist It.

The back aches because the kidneys are blocked. Help the kidneys with their work. The back will ache no more. Lots of proof that Doan's Kidney Pills do this.

It's the best proof for it comes from El Paso.

Mrs. N. J. Griner, St. Louis and Poplar streets, El Paso, Texas, says: "About three years ago while living in Carlsbad, N. M., a member of our family was suffering from Bright's disease. For over a year the person's feet and limbs were badly swollen and a severe pain in the small of the back caused much misery. Smothering spells were common and we often thought that the patient would die. Doan's Kidney Pills were finally recommended to us and I procured a box at Keely & Pollard's drug store. They proved of benefit from the first and in three or four months the patient was in better health than for years. Doan's Kidney Pills have my highest endorsement."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
